

RENTAL RATE CHART

Rental rates by instrument group and contract length.

Whether you're renting an instrument for the first time, or renewing an existing contract, rental rates by instrument group can be found below. All rates are paid in advance. For new rentals, a 3-month minimum initial rental is required; for renewals, there is a 1-month renewal minimum.

The 9-month initial and renewal rates are discounted. All rent and tax portions of rental payments are considered as credit toward purchase of the instrument on rent (see Rental Agreement).

Students just starting out should look at Group One instruments.
